

RexLan TV Installation, Set up & User's Guide for FireStick

In this tutorial, I will show you how to install, set up, and use RexLan TV on FireStick Lite, FireStick 4K Max,

FireStick 4K, and Fire TV Cube. These instructions also work for Android smartphones, Android TV boxes, and computers.

Amazon FireStick brings thousands of TV shows and movies to our fingertips. Most users stick with Netflix, Disney+, Prime Video, YouTube, and Peacock. However, there is a RexLan TV app that allows you to enjoy live TV shows and movies from around the globe. RexLan TV is an interesting IPTV app that surely deserves a place on your FireStick home screen.

Before we guide you through installing RexLan TV on FireStick, let's talk about what RexLan TV is so you know what to expect.

How to Install RexLan TV on FireStick

RexLan TV isn't officially available on the Amazon App Store. You will have to sideload the APK file using the Downloader app on the FireStick. But don't worry—it's easier than it sounds. Follow the step-by-step guide below.

- **1.** Switch on your FireStick and go to the home page.
- 2. Scroll to Find.

3. Select **Search**. A virtual keyboard will appear.

Kids and Family	Comedy	Action and Adventure	Horror	Romance
RECOMMENDED CATEGO	DRIES			
Drama	Animated	Crime	Fantasy	Documentary
Science Fiction	Thrillers	Bollywood	War Movies	Standup Comedy

4. Type **Downloader** using the virtual keyboard or using the Alexa voice assistant on your remote.

5. Find and select **Downloader** among the search results. You can recognize the app by its orange background.

6. Select Get or Download to install the app on your FireStick.

As I mentioned above, we will use Downloader to sideload and install RexLan TV on the FireStick. But before we can proceed, we need to change some FireStick settings.

7. Press and hold the **home button** on your FireStick remote.

8. Go to Settings.
